

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast, fast if your back hurts or bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues stop and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night, if you suffer with sick headaches or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad; get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot make a mistake by having a good kidney flushing any time.

VILLA FORCES ARE EN ROUTE TO NOGALES

Carranza Authorities Have Failed to Close the Route.

Douglas, Ariz., Nov. 23.—Governor Jose E. Rodriguez, with a part of the Villa forces that recently evacuated Cananea, is en route to Nogales, Sonora, according to a dispatch from Carranza received here today. It was intimated among Carranza authorities that officers who were ordered to close the route to Nogales had "failed miserably."

Beuthington.—The effort to form an order of the Patriotic Sons of America in town has failed. The men interested in forming the society have been unable to secure enough names, and the matter will be dropped.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like calomel or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquors.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that "foggy" feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists.

WOMAN REFUSES OPERATION

Tells How She Was Saved by Taking Lydia E. Pinkham's Vegetable Compound.

Louisville, Ky.—"I think if more suffering women would take Lydia E. Pinkham's Vegetable Compound they would enjoy better health. I suffered from a female trouble, and the doctors decided I had a tumorous growth and would have to be operated upon, but I refused as I do not believe in operations. I had fainting spells, bloated, and could hardly stand the pain in my left side. My husband insisted that I try Lydia E. Pinkham's Vegetable Compound, and I am so thankful I did, for I am now a well woman. I sleep better, do all my household and take long walks. I never fail to praise Lydia E. Pinkham's Vegetable Compound for my good health."—Mrs. J. M. Reese, 1900 West Broadway, Louisville, Ky.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound will help any other woman who is suffering in a like manner?

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

Distribute \$360 to Fire Sufferers.

Rev. J. C. Mathien, Superintendent J. C. Phillips of the Wauregan company, E. J. Farrell and Alphonse Quinlan, members of the committee in charge of the relief fund for the families burned out in the big Wauregan fire recently, received \$360. Of this sum \$100 was given to a number of families who lost all their belongings. The remainder is to be distributed to aid the other fire sufferers as may be required.

No More Films on Trolley Cars.

Announcement was made Tuesday of a new rule of the Shore Line Electric railway that no more motion picture films may be carried or in any other manner transported on cars carrying passengers on the local lines.

It is presumed that the rule applies to the company's other lines. The films are considered dangerous on account of the extreme liability of burning. It has been the custom of numerous motion picture operators to carry films on the local line from village to village, but this will no longer be permitted. The rule became effective Tuesday.

K. H. S. to Play 1914.

The football team will play tonight in town hall to-night when brother meets brother, so far as high school graduates are concerned, for last year's crack basketball team will also be on hand. The school meet the team that is to uphold the school's prestige in the league series soon to open.

Thirteen-fourteeners will have their complete and impressive lineup as in the days when they were tearing off victories with monotonous regularity. Poplar and Killian will be the forwards, Jette at center and Williams and Wood guards. Gilbert, a strong substitute player of last year's team, will also be on hand. The school team will use the regular lineup with the exception of Richard Reeves, who was injured in a recent game. The majority of the members of the 1914 team are away from Danielson continuing their studies, but they will be here to help on for tonight's big game, during which they propose to show their successors how the game was played when they were wearing big K's.

HIGH SCHOOL APPROVED.

Investigator of State Board of Education Finds Much to Commend in Teaching, Equipment and Building.

The report on the recent inspection of Putnam High School by an agent of the state board of education follows:

New Haven, Connecticut, November 11, 1915.

Hon. C. D. Hone, Secretary, State Board of Education, Hartford, Conn.

Dear Sir: I beg leave to submit the following report of my inspection of the Putnam High school on November 10th.

Building and Equipment: The Putnam High school building is a modern brick building containing fifteen rooms devoted to high school purposes, two of which are well equipped laboratories for physics and chemistry.

The school has a library of about 400 volumes and a gymnasium. The local library is not very accessible and is apparently not much used by high school pupils.

A pressing need of the school is a special room in biology and a supply of materials and apparatus for this course. The construction of the new trade school will probably make available for this purpose the room now used for mechanical drawing. Equipment is also needed for developing the work in geography.

Although the building is equipped with a special ventilating system, it is not being used and the teachers complain that it is impossible to ventilate the building properly.

The school is attended by 193 pupils distributed by classes and courses as follows:

	College	Commercial	Cooperative	Total
Freshmen	43	14	5	62
Sophomores	30	10	5	44
Juniors	11	10	5	26
Seniors	11	9	17	37
Special	11	9	17	37

Forty-three pupils who attended the school are from out of town, forty-one from Pomfret and two from

which shows the cultivation of independent thought to a much greater degree than is usual in high schools. Student Activities: The school maintains a debating society, an orchestra and two glee clubs; track and baseball teams, and basketball teams for both boys and girls.

Teaching: The faculty consists of the principal and two men and five women teachers. The teacher of mechanical drawing and the teacher of physics are engaged in the work of the trade school as well as of the high school. The teaching which I

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more yawning, sneezing, blowing, no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.
